Holley's Festival of Lights a "Success"

On December 7, 2013 the first Annual Festival of Lights was held to kick off the Village of Holley's Holiday Season. Despite temps in the 20s, people braved the cold and attended many of the events during the day. Breakfast with Santa and Mrs. Claus at the Community Center was well attended as was the Elementary School Band and Chorus at the First Niagara Bank. Polar Express at the Community Free Library was viewed by many and the vendors all had a good day.

This year's Memory Bulb Tree was successful with over 150 bulbs purchased in memory of a loved one. The reading of the deceased names was given to a large crowd by Mayor Kenney. The highlight of the day was the Parade of Lights that included over 40 entries of lighted floats, cars, municipal vehicles and fire trucks. The parade route was lined with people from the elementary school through the Public Square. When we saw the huge crowds lining the streets, we knew all the hard work had paid off. The winner of the \$100 prize for best overall float was Bentley Brothers of Albion, NY. Honorable mention certificates went to the Holley DPW for best municipal vehicle and the Clarendon Fire Department for best Fire Company.

This year's event was totally funded through the sale of Memory Bulbs and generous donations from the following businesses and organizations: Sam's Diner, Dr. Steven Thompson DDS, Erie Way Tree Farm, Holley Rotary, Save-a-Lot, Dr. Daniel Schiavone DDS, First Niagara Bank, Precision Packaging and Heath & Martin Attorneys. All profits from the event will be used to purchase new Holiday decorations.

A HUGE thank you goes out to all committee members, local business owners, and the many, many people that helped to make this event successful. We hope to see you all this year on December 6th, 2014 for the second Annual Festival of Lights!

HILL TALK

I FEEL LIKE IT IS STILL CHRISTMAS!

When you read this, January will be here. But as I write this, Christmas is still coming and I know that it will take quite awhile to get it out of my mind. You see, this year I began to re-believe in Santa Claus, Saint Nick, or whatever you call that bewhiskered old Elf.

Now I know that I don't quite fit the profile of your average believer because a statistician would point out that first of all, I am much too tall at a shade less than six feet. A surprising fact is that the average believer only measures a mere two to three feet! Why this should be so I don't know. Next he would note my weight and tell me that average believers usually weigh in at less than fifty pounds or so! I must admit that I press on the scales a little harder than that. So for whatever reason, and statistics don't lie, it seems that short slight people are more apt to believe in Santa!

In almost every category I do not match a Santa believer's profile. Why then, do I find myself thinking about where I can get a big stocking to hang and if it is too late to get a letter to the North Pole! Why should a tall person like me be thinking about that late night caller?

Now, I'm not going to tell you that I personally saw that jolly old Elf. No, I won't say that, but I've seen a lot of what they call his "helpers". There seems to be two kinds of them in that some wear red suits like that Elf does but many evidently don't wear anything special at all, just what we would call "street clothes". One kind of "helper" seems to stand around in front of stores or sits with children inside. Those are usually in uniform that is, wearing those red suits.

By the way, I want to note here that I object strongly to some store's policies imposing height requirements on people who wish to talk to Santa's helpers, just because some people are taller doesn't necessarily mean they are going to ask for more than the shorter folks!

Anyway, it was around Thanksgiving that I first began to have suspicions about the reality of Santa Claus and it came to fruition when Christmas approached and we had difficulty getting around in the church because the room was filled with Christmas gifts for children in the area. The tables of our fellowship hall were loaded with food donated and purchased with contributed moneys.

Now, I've always seen quite a few "helpers" in uniform and they never really had all that much of an impact on me, but the ones in those plain ordinary "street clothes" started me thinking. Why would all of these seemingly normal people from all the local churches, various organizations, and just plain residential areas, provide so much money, food, and time for the food baskets? And what would motivate all those people to do so much good? Was it their particular religion? But no, these people were from completely different religions and backgrounds! Some would confess to no formal religion at all!

I have deduced that these people were working for someone, someone that they agreed with and someone who tied them all together causing them to toil for the common good.

Who was that someone? Who else but the one they call Santa Claus! When I looked at all those donated gifts and foods it answered another question that has bugged me for years. How did he carry everything on one sleigh?

Santa had help. He controls a giant organization of helpers from all over! Isn't that wonderful? God has used that fat, jolly, old Elf to spread the spirit of Christmas all across the land! (I hope my list gets there in time.)

But now as you read this it is January; cold crisp January with Jack Frost and squeaky snow. But let me tell you something, it'll never be as cold to me again now that I know the truth about Santa and the many wonderful "helpers" that are all around me. God bless them all, every one.

So now you know why I feel like it is still Christmas!

HOLLEY STUDENTS INDUCTED INTO THE NATIONAL HONOR SOCIETY

The Holley Central School District’s chapter of the National Honor Society (NHS) inducted 18 new members on Tuesday, Nov. 26 at a formal induction ceremony held at the Holley Middle School/High School. Inductees were then brought on stage, dressed in NHS robes where they joined current NHS members. NHS officers lit the ceremonial candles and described the four qualities of membership in detail and area businessman Brian Blackburn gave remarks as a guest speaker.

TID BITS

Geary (Moose) Shenck

GREETINGS TO ONE AND ALL! I hope everyone had a great holiday. Remember, a bend in the road is not the end of the road, unless you fail to make the turn! *If you're all wrapped up in yourself, you're over dressed.* Wife, whose husband is stretched out on the couch reading a mystery, to visitor: "Tom dropped Do It Yourself and switched to Who Done It." *A tough old cowboy counseled his granddaughter that if she wanted to live a long life, the secret was to sprinkle a pinch of gun powder on her oatmeal every morning. The granddaughter did this religiously every morning until she died at the age of one hundred and three. She left behind fourteen children, thirty two grandchildren, forty-four great grandchildren, sixteen great-great grandchildren and a forty foot hole at the spot she was cremated on.* "Kids these days, why, I can't tell if that one over there with the long blond hair is a girl or a boy." "He's a boy alright" replied another parent. "Well, Maam, how can you be so sure?" "I'm his father!"

I found a book with the price of things in nineteen thirty two: new car – six hundred ten dollars; average rent – eighteen dollars per month; gasoline – ten cents a gallon; stamps – three cents; bread – seven cents per loaf; new house – six thousand five hundred fifteen dollars. More next month. *Six year old George came down stairs crying loudly. "What's the matter?" asked his mother. "Dad was hanging a picture on the wall and he just hit his thumb with the hammer." Sobbed George. "That's not so serious" soothed his mother. "A big boy like you shouldn't cry at a trifle like that. Why didn't you just laugh?" "I did" wailed George. I met a man who said he never votes, so he doesn't feel responsible for what goes on in Washington. My doctor asked if any members of my family suffered from insanity. I replied, "No. We all seem to enjoy it."* Bob was stopped by the police around two A.M. and was asked where he was going at that time of night. Bob replied, "I'm on my way to a lecture about alcohol abuse and the effects it has on the human body, as well as smoking and staying out late." The officer asked "Really? Who's giving that lecture at this time of night?" Bob replied, "That would be my wife sir."

Some Doubts: 1. If all the nations in the world are in debt, where did all the money go? 2. When dog food is new with improved taste, who tests it? 3. Can you cry under water? *A husband and wife had an argument. Wife called her mother and said, "He fought with me again. I am coming to live with you." Mom said, "No dear, he must pay for his mistake. I am coming to live with you." Wife: "There is trouble with the car. It has water in the carburetor." Husband: "Water in the carburetor, that's ridiculous." Wife: "I tell you the car has water in the carburetor." Husband: "You don't even know what a carburetor is. I'll check it out. Where's the car?" Wife: "In the pool."*

THIS MONTH'S RIDDLES:

1. How do you make a tissue dance?
2. What kind of birds do you usually find in captivity?
3. Why should you always remain calm when you encounter cannibals?
4. Pray tell me ladies, if you can, who is that highly favored man who though he has married many a wife, may still be single all his life?
5. Why did the vampire quit the vegetarian club?

Is it just me or does anyone else find it amazing that during the mad cow epidemic, our government could track a single cow, born in Canada almost three years ago, right to the stall where she slept in the State of Washington? And, they tracked her calves to their stalls. But, they are unable to locate eleven million illegal aliens wandering around our country. Maybe we should give each of them a cow. *Young children answers about Angels: 1. Angels don't eat. But they drink milk from holy cows. 2. My Guardian Angel helps me with math, but he's not much good for science. 3. What I don't get about Angels is why, when someone is in love, they shoot arrows at them. Johnny was sprawling half out of his desk with his feet in the aisle, causing his teach to say, "Johnny, take that gum out of your mouth and put your feet in."*

Waiter my plate's wet. That's not wet Sir, that's the soup. Waiter, there is a dead beetle in my soup. Yes sir, they're not very good swimmers. Waiter, there is a dead fly in my soup. What do you expect for a dime, a live one? *I have bad news, you can't cure stupidity.* The reason a woman's mind is cleaner than a man's is she changes it more often. *When somebody famous and dressed to the nines licks a hammer, it's art. But when we do it, I'm wasted and have to leave Home Depot.* Why does toilet paper need a commercial? Who is not buying it? *Everyone seems normal until you get to know them.* If I am ever on life support, unplug me then plug me back in. See if that works. *Wife to husband, "Yes Don, I know the doctor said you should get plenty of rest to get rid of your cold." As he lay on the couch, "But, that was nine years ago!"*

Speaking of confusion, there is so much confusion in Washington that the spies can't find out a thing worth reporting. *One guy to another: "I'm a self made man" he said bragging. "That's what comes of hiring cheap labor" remarked the other.* Alcohol is not the answer. It just makes you forget the question.

An elderly man traveled across the country to visit a dozen or so old girl friends. "How did it go?" he was asked when he returned. "Thank God I never married any of them" he said. "They're all widows." *It has yet to be proven that intelligence has any survival value. (Good news for me!) For fast-acting relief, try slowing down. I like the word indolence. It makes my laziness seem classy!*

The Car A young boy had just got his driving permit. He asked his father who was a minister, if they could discuss the use of the car. His father took him to his study and said to him, "I'll make a deal with you. You bring your grades up, study your bible a little and get your hair cut and we'll talk about it." After about a month the boy came back and again asked his father if they could discuss use of the car. They again went to the father's study where his father said, "Son, I've been real proud of you. You have brought your grades up, you've studied your bible diligently, but you didn't get your hair cut!" The young man waited a moment and replied, "You know Dad, I've been thinking about that. You know, Samson had long hair, Moses had long hair, Noah had long hair and even Jesus had long hair..." To which his father replied..."Yes, and they WALKED everywhere they went!" *Don't worry about the future. The present is all thou hast. The future will soon be present. And the present will soon be past.*

The Following by Millie Torzilli

Our lives would be more pleasant
If we started each new day
With a kind word, a smile
Or a hug along the way.
And we will be truly blessed
All throughout the day
Because we took the time
To listen, talk and pray.
For every second of every minute
Of every hour in a day
Is precious time ticking
Someone's life away!
And how we spend our time
On what we do and say
Will make a difference in our lives
And those we touch today.

Well that's all for now. Have a great 2014. *Adios and God Bless.*

CLARENDON TOWN BOARD MEETING HIGHLIGHTS - DECEMBER 2013

OPEN END

Steve Kibler, Hall Road resident, gave copies of Clarendon Zoning Ordinance Section 719 (Alternative Energy Systems – Solar Energy) to Board Members. He explained that he has solar energy and has been issued a special permit. Mr. Kibler requested the special permit portion of the ordinance be changed; that he objects to the annual inspection and renewal fee. Mr. Kibler has checked with a couple other towns and found they do not require the permit and annual fee. Supervisor Moy stated this item will be put on the January agenda.

HIGHWAY/WATER DEPARTMENT REPORT

Larry Swanger, Superintendent

Superintendent Swanger reported plowing snow most of the month; that this has been the worst December he's seen in the past 24 years. Gravel roads were graded before the snow came. Four graves were dug last month. The weather is now making it difficult to measure/find grave sites so storage in the chapel may be necessary.

Discussion was held regarding purchase of a new John Deere mower for Hillside Cemetery. Superintendent reported over 700 hours on the current machine. Lakeland Equipment will take that for a trade-in on a new tractor. The Board did authorize purchase of John Deere Select Series X304 Tractor with 4 Wheel Steer and 42X Edge Xtra Deck at a cost of \$1404.49 after trading in 2012 John Deere X304-1MOX304ACCM222077 for \$1980.

CORRESPONDENCE

Central Orleans Volunteer Ambulance (COVA) has sent a request that the Town send a letter of support to expand their Certificate of Need to include all of Orleans County. In November, a representative from the Batavia Office of USDA Rural Development came to the Town Hall and performed a review regarding civil rights laws. This correspondence received notifies that the Town is in compliance.

OLD BUSINESS

The Town Board unanimously accepted the proposal for Engineering Services for Water Improvement Benefit Area No. 11 from Chatfield Engineers, P.C., 2800 Dewey Avenue, Rochester, NY 14616, and authorized Supervisor Richard H. Muzzleloading...

Fifteen year old Kenneth J. Capurso of Albion is proposing that Muzzleloading Season in the NYS Southern hunting Zone be extended by six days. This last year it would have taken the season end date from December 17th to December 23rd. Mr. Capurso is calling on hunting clubs, conservation groups and interested parties to discuss and hopefully support this proposal. He feels the over abundance of the deer population could be answered in part by this simple extension. It would give Muzzle enthusiasts more opportunity to enjoy their particular sport and to put meat on the table. A petition in support of this change is available for signing at the Clarendon Town Clerk's Office. *For inquiries or more information, contact Kenneth Capurso at (585) 590-0628.*
