## Hillside Cemetery

Instead of our traditional Hillside Sketches this month I would like to feature a group of students who are in the **Rotary Interact club**.

This group is sponsored by the Holley Rotary Club and they attend meetings and do many various community service projects throughout the year.

Rotary International is an international service organization whose stated purpose is to bring together business and professional leaders in order to provide humanitarian service and to advance goodwill and peace around the world. It is a non-political and non-sectarian organization open to all people regardless of race, color, creed, religion, gender, or political preference. There are 34,282 member clubs worldwide, and 1.2 million individuals, known as Rotarians, have joined. (Taken from Wikipedia)

On Sunday October 28<sup>th</sup> the students, their club advisors and some members of the Holley Rotary joined in to honor the people who are laid to rest in Hillside Cemetery. Many headstones are dirty or have moss growing on them. The students cleaned them using nylon brushes and a special cleaner and gave them a "like new" look and for the first time in many years some of them are now legible again.

29 students, 2 advisors and 2 Rotarians were on hand to do the work. On behalf of the Town of Clarendon, the Clarendon Historical Society and myself I would like to thank everyone involved in this project. Emily Bibby for her idea to do this project, Samantha Zelent and Evinn Neadow for coordinating it and the Holley Rotary for sponsoring it by purchasing the supplies and breakfast for the crew!

## From the Historian

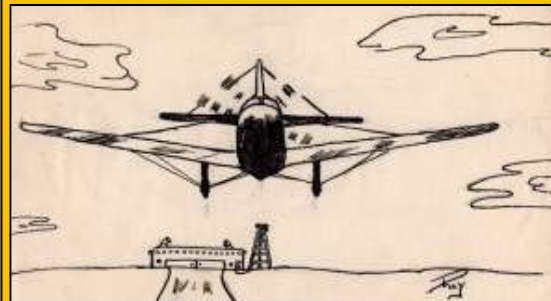

The month of October has been very unusual in terms of information and items that have been shared with me. Our new school superintendent Brian Bartalo has asked for pictures of Holley school children from the early 1900's. Marsha DeFilipps and I were able to put together a number of photos for him to choose from. Mr. Bartalo has taken interest in learning as much as he can about our district and Orleans County.

Some members of the Clarendon Research Club were invited to look through a collection of family memorabilia related to the Holley/Clarendon area. The owner donated a number of items to the Clarendon Historical Society including family history notes and pictures, a piece of taxidermy from 1872 done by a Holley native and some assorted bottles and books.

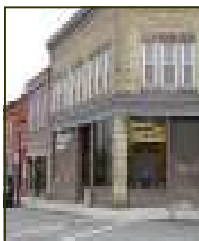

Longtime resident Roy Bubb donated a scrapbook that he put together during his senior year of high school 1948/1949 and several other books related to his research that was done when he authored

several books. Roy was an artist and also gave us a number of his sketches.

## TID BITS

Geary (Moose) Shenck

Hello all. Well another month has passed. It should get a ticket for speeding. *Got home from the doctor the other day and told my wife, "The doctor thinks I'm in great shape for my age." She said, "That's really good news." I said, "Not really, he thinks I'm one hundred and forty seven years old."* Actually there are millions of men in this country running for offices. Most of them we don't call politicians. They're known as commuters. *A young actor whose name was Paul couldn't do accents at all. When offered a fee to play Robert E. Lee he soon became fast on the drawl.* There are two types of people that annoy me: drunk people when I'm sober and sober people when I'm drunk. *Mom, it says in the Bible we're made from dust. That's right son. Then when I go swimming why don't I get muddy?* Little ones are the most desirable opponents in Scrabble as they are both easy to beat and fun to cheat. *How come appliances need repair and new parts right after the warranty expires?* Why is it that parking spaces always are on the other side of a very busy street? *I had a dog one time who always chased kids on a bike. It got so bad I finally had to take his bike away.* Why are there never any good side effects printed on your medicine bottle? *Someone sent my wife an email about using vodka for cleaning around the house. It worked. The more vodka she drank, the cleaner the house looked.* My wife thinks she needs professional help. She said "A chef, a butler and a maid should do it." *"Momma, what's a second story man?" "Your father's one. If I don't believe his story he always has a second one."* There was a guy named Fred, who loved to eat whole loaves of bread. When he got very fat he was told to stop that. So he switched to cakes instead.

### THIS MONTH'S RIDDLES:

1. What's the saddest dog?
2. Why doesn't a vampire chew his nails?
3. What do insurance companies pay you when you get a bump on your head?
4. What do you call a polite butler?
5. What did the father snowman say to his son when he got into the car?

*I don't know why I didn't figure this out sooner. I use shampoo in the shower when I wash my hair. The shampoo runs down my whole body and printed very clearly on the label is the statement claiming it provides extra body and volume. No wonder I've been gaining weight. Well I got rid of that shampoo and I'm going to start showering with Dawn dishwashing soap instead. Its label reads: dissolves fat that is otherwise difficult to remove. Problem solved – so if you call and I don't answer the phone I'll be in the shower. Coffee: a magical substance that turns "Leave me alone or die!" into "Good Morning Honey. Some days "solitary confinement" sounds more like paradise than punishment.* A guy walks into a bar with a big piece of macadam under his arm and says to the bartender, "A beer for me and one for the road." *"In my youth said his father, I took to the law and reviewed each case with my wife and the muscular strength which it gave my jaw has lasted the rest of my life."* A bear walks into a bar and says, "Give me a whiskey and – pause – cola." "Why the big pause?" asks the bartender. The bear shrugs and says, "I don't know. I was born with them." *Have you ever listened to someone talk for a while and thought "Who ties your shoelaces for you?"*

Jay: A bird of the crow family which can be found in fields and meadows. A jaywalker on the other hand is a bird of the schmo family who can be found in traffic jams and morgues. *Tragedy: A bride without a can opener.* Synonym: A word you use when you can't spell the other word. *Greg walked into a bank to buy some savings bonds. When the teller ask him what denomination, he replied, "Catholic."* There are only two kinds of pedestrians – the quick and the dead. The meanest guy in the world is the fellow who was deaf and never told his barber. *We like a man who comes right out and says what he thinks when he agrees with us.* A vegetarian diet is best for those who would like to be beautiful. Well it doesn't seem to have done much for the elephant. *How do I know what type of virus I've got? Virus is just a Latin word used by doctors that means your guess is as good as mine.*

By Kay E. Richardson

*When life becomes hard to bear  
light a candle, say a prayer.  
Trials of life make us strong,  
improve our sense of right and wrong.  
Every little slip and stumble  
gives us strength and makes us humble.  
Sorrows keep us down to Earth  
leading us closer to our worth.  
Hopefulness keeps us going,  
faithfulness bring consoling.  
Light a candle, say a prayer,  
there is nothing God cannot repair.*

*That's all good people. 'Til next time,  
Adios and God Bless  
Geary 'MOOSE' Shenck*

## CLARENDON TOWN BOARD - Meeting Highlights August 2018

The Town Board held two public hearings prior to the regular meeting in October; one for consideration of the proposed 2019 Town Budget and one for the proposed five-year contract for fire protection and emergency services with the Clarendon Fire Co. No comments were heard at either hearing and the board adopted both the budget and fire company contract at the regular meeting held later.

Sandra Shaw, Director of the Holley Community Free Library, informed those present that the Library, Clarendon Historical Society and Murray Historical Society have collectively worked to digitize Holley School Yearbooks from 1950 through 1989. These DVD can be purchased for \$15.00 from any one of the three entities; monies from sale will go to the organization it is purchased from. Supervisor recognized Holley students in attendance, Joel Moore and Hunter McLean.

**OPEN END** – County Legislator E. John DeFilippis requested town representation at the County Association of Municipalities meeting this month to give its input. There may be changes to refuse collection and cost; the contract is up and needs to be renewed. Discussion is being held that it may go to collecting every other week, with the big 96 gallon bins.

**HIGHWAY/WATER DEPARTMENT REPORT** – Superintendent Swanger reported the Clarendon crew has been helping other towns, the Village of Holley and Orleans County with paving projects. A leak was detected by New York State when they were mowing, in a fire hydrant on Route 31A. It's been turned off and will be fixed. Water readings should be complete in a couple of days. The inside of the water tower is done and work is continuing on the outside. Water pressure

was reported low by a resident on Route 237; a Hall Road resident has not noticed a change in pressure. The new highway employee is working out well.

**CORRESPONDENCE** – The Orleans County Board of Elections has sent Notice of the General Election to be held Nov. 6. The Town has received payment in the amount of \$32.47 for the Falls Rail Road Pilot program. The United States Senate has sent information on the Farm to School Grant Program. The Orleans County Farm Bureau Annual Meeting will be October 11, 2018 at Tillman's Village Inn in Gaines. New York State Comptroller has sent State Aid in the amount of \$11,416.00. We have received the 2017 Annual Report for Monroe County Water Authority.

**OLD BUSINESS** - Supervisor still has had no response from the Town of Murray regarding help in painting the water tower; he will write a letter. The Board approved moving forward with the consolidation of water district 9 and 9 extension and authorized Municipal Solutions to begin the process. There has been no call back from Charter Communications regarding the franchise agreement and Supervisor reported a meeting is scheduled with Monroe County Water Authority for October 26.

**NEW BUSINESS** - Resolutions were adopted for both new water projects WIBA 12 and WD 13; Final Orders, Bond Counsel, Legal Services and Loan agreement with Rural Development; WIBA 12 grant of \$740,000 and loan of \$510,000; WD 13 grant of \$790,000 and loan of \$450,000. The Board adopted a Resolution scheduling a special meeting on Nov. 1 to authorize unpaid mowing and water charges to be put on the January 2019 town/county tax bills and the Board adopted a Conflict of Interest Policy.

### The Clarendon Lions Club

Our children's Halloween Party was held on Saturday (10-27-18), at the Holley Community Center with over 50 children and their parents attending. Everybody had great fun, decorating pumpkins, playing games, drawing art work, and eating the holiday foods. Followed by prizes for the best costumes.

The speaker for this month's meeting was the Lions District Governor, Dawn Countermine, who discussed, her own district project, "CURE Childhood Cancer", with donations suggested to the

Golisano Children's Hospital. Dawn lost a 6 year old grandson to cancer. Our "Little Free Pantry" at the Town of Clarendon Office on Church Street, for those in need of short term food help, remains doing good. Please don't forget our resident's in need, during the upcoming Thanksgiving and Christmas holidays. We continue to need non-perishable foods, such as boxed items (cereal, crackers, pasta, etc.), diapers, laundry soap and other non-perishable items. In November, a local organization will be making hats and mittens, to keep those in need of warm wear, during this coming winter. If you would like to join our organization, please contact Lion, Tom Persia at 638-5750.

Thank you for your support, Lion Roger Boynton
