There are many family names in Clarendon that have been around for generations. One of them is the last name ***Bowen***.

If you look in the book written by David Sturges Copeland you will find them mentioned as early as the 1830's. Harry and Effie Bowen lived in the little house on Mill Road that overlooks the Clarendon Falls. Effie kept scrap books and they were donated to the historian by Linda and Bob Barrett in 2008.

Ida Bowen Stanley Bowen Effie Bowen

Effie was born in Manning in 1912 to Fred and Freada Jannain. On July 4, 1930, Effie Jannain married Harry D. Bowen. Effie was a member of the Women's Christian Temperance Union in 1954. Effie was the treasurer of the Orleans County Firemen's Association 1959-1983.

TID BITS

Geary (Moose) Shenck

GREETINGS EVERYONE! Well, sorry it's that time again, so here we go with another attempt of tickling' your palate, whatever that is. *Patient: I keep having a dream that I'm a tailpipe. What does it mean? Doctor: You're exhausted.* Tom: "My wife thinks I'm too nosy." Don: "How do you know?" Tom: "She wrote it in her diary." *Rod to his wife, "Honey, I wouldn't trade you for anything, besides, nobody answered my classified ad."* Pete: If your girlfriend and your best friend were drowning, who would you save? Charlie: I don't know. That's a tough one. Pete: Why is that? Charlie: Well, what were they doing together in the first place? *Police are seizing the cars of drunk drivers, providing they can remember where they parked them.* You know you are getting old when the candles cost more than the cake. *It's been so hot that farmers are feeding their chickens crushed ice to keep them from laying hard boiled eggs.* Does anyone know which page of the Bible explains how to turn water into wine? (Just asking for a friend.) *How many of us old-timers can hear the William Tell Overture and not think of the Lone Ranger.* During the impaneling of a jury the following occurred: "You are a property holder?" "Yes, Your Honor." "Married or single?" "I have been married for five years, Your Honor." "Have you formed or expressed an opinion?" "Not in five years, Your Honor." *There once was a man named Doyle, who dug down too deep in the soil. Though he wanted a pool, he came out no fool, cause now he's swimming in oil.*

It's not so much how busy you are, but why you are busy. The bee is praised, the mosquito swatted. *Some cowboy wisdom:* 1. Don't squat with your spurs on. 2. Never slap a man who's chewin' tobacco. 3. There's two theories to arguin' with a woman. Neither one works. Fictionary – 1. Avoidable – what a bullfighter tries to do. 2. Bernadette – the act of torching a mortgage. 3. Parasites – what tourists see from the top of the Eiffel Tower. 4. Pharmacist – to help out on the farm. *After a long-winded politician spoke, someone said, It's never so bleak, but it could have been bleaker. There might have been a second speaker.* Charm and wit and levity may help you at the start, but at the end, it's beauty that wins the public's heart. *Right now chocolate is good for you and Romaine lettuce can kill you.* I've been training my whole life for this. Someone tore off my warning sign when I was born. *The know-it-all has done everything there is to be done except shut up about it. The know-it-all has been everywhere. His major failing is that he keeps coming back. The know-it-all generally knows what he's talking about, but if he doesn't, it won't stop him.* A couple walking home from a party when husband asked, "What are you mad at me about?" She said, "You disgraced me tonight." "What, how, when?" "When you were asked by the hostess to please pass your plate, you took out your teeth and said upper or lower!"

THIS MONTH'S RIDDLES:

1. Why are a rooster's feathers always smooth?
2. How do birds clean out a fruit tree so quickly?
3. If a well-known animal you behead, a larger one you'll have instead.
4. Why wouldn't mother let the doctor operate on father?
5. What has a foot on each end and one in the middle?

I am not one of those who do not believe in love at first sight, but I believe in taking a second look. *Orator, "I thought your paper was friendly to me?" Editor, "It is. What's the matter?" Orator, "I made a speech at the dinner last night and you didn't print a line of it." Editor, "Well, what other proof do you want?"* Young mother: Nurse, what is the most difficult thing for a young mother to learn? Nurse: That other people have perfect children too. *"That fellow must live in a very small place." "How can you tell?" "Why, haven't you noticed that his dog wags his tail up and down instead of sideways?"* Last New Year's Eve, I had a great time. I went out with a bunch of Indians. I knew they were Indians because they all had reservations. *An alien who came here from Mars, sat down on a track with fast cars. He got hit on the dome but he felt right at home. He was so used to seeing stars.* How long is a minute? Depends on which side of the bathroom door you're on.

By Grace Easley

There's a special art to living
And you need a frame of mind
That can overlook the showers
Til the sun begins to shine.
To develop to the fullest
You have got to understand
That things don't always function
In the way that they were planned.
There's a special art to living
And the challenge must be met
But the longer that you try it
Why the better you will get.
Don't waste your time in waiting
For the world to come to you
You have to climb the mountain
To appreciate the view.

*That's it this time. Have a great month.
Adios and God Bless

CLARENDON TOWN BOARD - Meeting Highlights August 2018

Brenda Swanger, President of the Holley School Board, introduced the new school superintendent, Brian Bartalo, to the board and those present. "Bart" as he likes to be called, explained his entry plan into the district is to meet local government officials; that he is looking forward to a great partnership with the towns and the village. Mr. Bartalo stressed the open door policy for his office and invited board members to express concerns anytime. Mr. Bartalo spends time at school and community events and feels it's important for the students that he does. Bart worked thirty years in education in the Hilton School District. The Bartalo family works a Rotary sponsored one week summer camp each year; 2018 is the 38th summer. When asked what his hardest challenge will be in Holley, Mr. Bartalo said that people have high expectations; that culture climate and instruction are his strong points and feels student academics will be the challenge. Jeff Smith, of Municipal Solutions, spoke to the board about combining water district 9 and water district 9 extension; that it makes sense for their debt service to remain their own, but to merge the operation and maintenance. Water district 9 extension is very small. Mr. Smith went over the procedure which would include preparing reports, holding a public hearing and then formally consolidating by town board resolution. NYS Department of State accepts non-competitive grant applications each month, and gives consideration for consolidation of water districts. Towns of Barre, Yates and Batavia are looking into a 'town-wide' district through consolidation. Municipal Solutions will prepare a proposal for services and submit it to the board.

Highway/Water Department Report Superintendent Swanger reported work done on Merrill Road shoulders and helping other towns with road work. The third roadside mowing is complete. Wood Road, Acton Road and Brown Schoolhouse roads have been graded. The water tower went 'off-line' August 28 and sand blasting has begun. A scaffolding system is up inside the tank. The main valve was leaking slightly; it was fixed. The cemetery seasonal worker for the town was hurt and another person hired to continue the work for the season. Highway employee Lenny Clark is retiring after 24 years of service to the town. Dan Scroger has been hired to fill that position.

John and Sheron Pedley sold their house and had found a 1918 calendar in their wall. They donated that and a crib and woodworking tools to the Historical Society. Peter Spence will be the speaker at this month's CHS Program and Mary Ann Sychalski will be the last speaker for this year. Melissa reported that the Clarendon Research Club meets every other Friday at the Town Hall. Members have books, internet and town historian genealogy website available to them.
