# CLARENDON TOWN BOARD

## Meeting Highlights - OCTOBER 2021

### OPEN END

Aaron Kelly addressed the board regarding camping on his property on the Glidden Road. He didn't know that only two campers were allowed. There are no campsites available since the COVID pandemic. OIO Melissa Ierlan suggested allowing an operating permit for a weekend; she would check the number of campers and inspect to ensure they are self-contained and inspect again when they leave to make sure no dumping is done. The Fire Company has electric plugs in their parking lot and a couple times a year, there are 6 to 8 campers there. Another property owner would take advantage of a permit as he has electric hook-ups on his property. Some people would take advantage and others will not be affected at all. Planning Chairmen Griggs suggested it be an Event Permit issued on an individual basis. Board members asked that the Planning Board prepare regulations for the zoning ordinance; to be reviewed/considered.

### HIGHWAY/WATER DEPARTMENT REPORT

Superintendent Tracy Chalker reported mowing town properties, working on the third roadside mowing and patching potholes in the roads. The crew has been cleaning up items including a hot water tank, tires and a steel drum with oil in it, dumped roadside. Shoulders have been replaced on Bennetts Corners Road, South Manning Road and Powerline Road. The old oil tank at the Town Hall has been removed. The third quarter water reading have been completed and bills have been sent. Trucks are being prepared for the winter season. Alarms at the highway barns have been going off. Superintendent is looking into getting cameras for the property. Superintendent Chalker attended the fall conference and reported it very educational. The highway department has been receiving many deer pick-up calls. Superintendent Chalker requested consideration for ARPA funding to purchase radial-read water meters for the 258 houses that are still probe-read. Cost is estimated between \$66,000 - \$68,000 for the switch over. Currently it takes two employees two days to read meters. If they were all radial-reads, it would cut the job down to one person and would take considerably less time. Two highway employees were quarantined for one week due to COVID regulations. Tree limbs have been trimmed. There is a large tree at the Hillside Cemetery that needs to be removed; in the veteran side with a lot of gravestones under it. It was suggested that we get a service with a crane available; not just a climber. Superintendent is waiting for an estimate from Arnold's Tree Service. There is also a long log approximately 18 inches in diameter, 30 to 40 feet long that is estimated to weigh 3,000-4,000 pounds that needs to come out.

### PLANNING BOARD REPORT

The following written report was submitted by Chairman David R. Griggs: 09-28-2021 (Regular meeting) Meeting was cancelled due to insufficient agenda items. 10-12-2021 (Regular meeting) Meeting was cancelled due to insufficient agenda items.

### HISTORIAN/HISTORICAL SOCIETY REPORT

Historian Melissa Ierlan submitted the following written report: The Interact Club, which is run through the Holley Rotary Club, spent time at Hillside Cemetery on October 10<sup>th</sup> and the turn-out was overwhelming. There were over 30 kids and several adults from Rotary. I think at least 100 headstones were cleaned. It was very rewarding to see the group actually get excited once they saw what a difference cleaning made. It sure doesn't go unnoticed. All supplies were purchased by Rotary and we have brushes to use again next year if they decide to come back. Joni Robishaw spent time over the last weekend pulling weeds and planting some bulbs in front of the Old Stone Store. It really was a nice

gesture and much appreciated. Wait until you see them next spring! I was asked by the Town of Yates to restore six of their historical markers before they celebrate their Bicentennial next year. They are paying for the supplies. I had only ever repainted one in that area by request. I see this as an opportunity to work with other historians and maybe compile information about the signs for use by all. I am a member of the Orleans County Historical Association and we have talked about doing a book on all the markers in Orleans County. One hasn't been done since the year 2000 and at that time, there were 78 markers. There are currently 136. I have a homeschool group visiting the museum tomorrow. They will tour the barn and I will tell them about Carl Akeley as they are studying animals, habitats, etc. Good opportunity to brag about our famous former resident!

### SUPERVISOR REPORT

Supervisor Dick Moy thanked Superintendent Chalker and the Highway Crew for handling the overdue water bills situation so well. All problems are resolved but one account.

### CORRESPONDENCE

The town has received payments from New York State DOT; \$41,473.95 for PAVE NY and \$35,150.54 for WIRPS. Orleans Economic Development Agency has sent the town's PILOT payment for 2021 for Falls Rail Road in the amount of \$36.54. Genesee/Finger Lakes Regional Planning Council has sent notice of upcoming training. The Department of Public Service has sent a request for survey information on broadband service on line [www.empirestatebroadband.com](http://www.empirestatebroadband.com); for people without broadband. The County is paying to expand services countywide. Orleans County Board of Elections has sent notice of the November 2, 2021 General Election and a sample ballot. The Orleans County Chamber of Commerce will hold its 23<sup>rd</sup> Annual Awards Ceremony where Ken DeRoller and John DeFilippis will be presented with Service to the Community Awards. New York State Agriculture and Markets have sent inspection reports of the County Dog Control Officer and of the County Municipal Shelter. The town needs to have an agreement with the County to correct the shelter inspection report. The NYS Public Service Commission has sent an update regarding the solar project in Town of Byron.

### OLD BUSINESS

The Town Board adopted a Resolution accepting the Tentative Budget for the Year 2022 and scheduled a public hearing to consider the Preliminary Budget for the Year 2022 for Nov. 1, 2021 at 6:00 PM.

### NEW BUSINESS

The Board authorized the old 1000-gallon oil tank from the Town Hall be sold at auction through Auctions International on the internet, adopted a Memorandum of Agreement for Animal Control Services with Orleans County and scheduled a Special Meeting to authorize relieved water and mowing charges onto January 2022 tax bills with an additional \$100 penalty. The meeting will be on Nov. 1, 2021 immediately following the Preliminary Budget Hearing. The Board authorized Supervisor Moy to sign the proposal from G&G Municipal Consulting, 131 S. Union St., Spencerport, NY 14559 for Services to conduct a Median Household Income Survey for proposed WD#14; At a cost of \$3590.00 plus postage. Discussion was held regarding vacation and personal time to be paid to former highway employee Eric Collyer. The Board approved payment of two years unused vacation and personal time as authorized at the January 21, 2020 meeting.

Reprinted from November 2011  
Geary (Moose) Shenck

**GREETINGS ALL:** Well, it's that time again. Time to hopefully enjoy the following pearls of wisdom. Did you know, every day more money is printed for monopoly than the U.S. Treasury. *Men can read smaller print than women; women can hear and smell better. (I agree they smell a lot better.)* Intelligent people have more zinc and copper in their hair. *Uh oh – Coca Cola was originally green – That 111,111,111 X 111,111,111 = 12,345,678,987,654,321. I don't think that was on the need-to-know list.* In a move that must have been unsettling for thousands of Iowa seniors; in 2009 the state changed the name of Elder Affairs Department to the Department on Aging or DOA. *Ever wanted to insult someone in terms wittier than "He's a jerk!"? Feel free to borrow some of these classic examples. From James Thurber: While he was not dumber than an ox, he was not any smarter either. From T.S. Eliot: He had a mind so fine that no idea could violate it. From George Bernard Shaw: The problem with some people is that they lack the power of conversation, but not the power of speech. Pies Offered by a Café.* They had Cherry, Apple, Berry, Peach and Herman's. I asked "What kind of pie is Herman's?" "Apple" he said. "Then why is it called Herman's pie?" "Because Herman called in to reserve it!" *A young man who didn't enlist but was drafted was not happy about it and decided to not be one bit helpful to anybody. During his physical the doctor asked softly, "Can you read the letters on the wall?" "What letters?" he answered slyly. "Good" said the doctor, "you passed the hearing test."* There are three kinds of people in the world. Those who are good at math and those who aren't.

## This Month's Riddles:

1. Why did the chef's spaghetti fall apart?
2. Why did it take Brahms five years to compose his lullaby?
3. Why did the cucumber hire a lawyer?
4. Why did the baseball rookie have coal on his face?
5. How did the tomcat find out he was a father?

*A man comes home from his usual Saturday golf game. "What a terrible day" he tells his wife. "Harry dropped dead on the tenth tee." "Oh, that's awful!" she says, "You're not kidding" says the man. "For the whole back nine, it was hit the ball, drag Harry, hit the ball, drag Harry."* Some more from Can You Top this: A husband and wife were having breakfast. "You know" she said, "that you swore at me in your sleep last night?" "Who was asleep?!" he replied. Fred Allen's definition of a shroud is: "It's a wind breaker for a ghost." *Two fellows met. "Is it unlucky to postpone a wedding?" asked one. "Not if you keep on postponing it!" said the other.* A fellow was telling Clancy about his numerous thrilling adventures; how he flew over the Alps with one wing broken, how he discovered gold in Alaska by accidentally stumbling over a rock, how he steered a ship in a raging storm in the middle of the Atlantic and saved everyone. After he was all through, one of the listeners asked Clancy what he thought of the guy's adventures. "He reminds me of the horns on a steer," said Clancy. "A point here, a point there, and an awful lot of bull in between!" *They say if you catch a cold and don't attend to it, it will last fourteen days. But, if you go to a doctor and take medicine, you can get rid of it in two weeks!* Age 44: I've learned that what sounds like music to my teenagers, sounds like a train wreck to me. Age 40: I've learned that elderly ladies can get away with anything. I Agree

*After reading up on the finer points of ice fishing, a young woman went onto the ice. Just as she's about to drill her first hole, a booming voice from above bellows, "There are no fish under the ice!" The woman is startled, but she keep drilling. Again the voice thunders, "There are no fish under the ice!" Now the woman is shaking, but she takes a deep breath and just as she's about to cut a new hole – "There are no fish under the ice!" The frightened woman looks skyward and asks, "Is that you Lord?" "No, this is the manager of the skating rink!" A candidate is the only man who knows all the answers, especially if he's out of office. An election is an important democratic process by which you are given a choice to decide who will spend your money. A prosperous purveyor of rare Orchids on Park Avenue is intoxicated about four out of every five hours. He now is known as "The Petrified Florist". Then there was the mattress tester who got fired for standing up on the job. Hopelessly lost, a man pulled his car into an abandoned gas station in the desert and got out. The only creature there was an owl sitting on a cactus. "Owl, are you able to tell me the quickest way to town?" "Are you walking or driving?" asked the owl. "I'm driving." "Well, that's the quickest way!" "Congressman, what advice can you give a young man entering politics?" "Grow a big mustache." "Why?" "So they can't read your lips." A woman rubbed a lamp and out popped a genie. "Do I get three wishes?" she asked. "Nope, I'm a one-wish genie. What will it be?" "See this map? I want these countries to stop fighting so we can have world peace. "They've been at war thousands of years. I'm not that good." Said the genie. "What else would you like?" "Well, I'd love a good man. One who's considerate, loves kids, likes to cook and doesn't watch sports all day." "Okay" said the genie with a sigh. "Let me see that map again!" Words of Wisdom: *Experience is what you get when you didn't get what you wanted.* Few things are more satisfying than seeing your own children have teenagers of their own. On Wisdom: *A wise man will never plant more garden than his wife can hoe.* A wise husband will buy his wife such fine China that she won't trust him to wash the dishes. *If ignorance is bliss, why aren't more people happy?* He who thinks education is costly ought to try ignorance. *Father:* "I want an explanation and I want the truth." *Son:* "Make up your mind Dad, you can't have both."*

Written by Barbara Joan Million

Each day is very beautiful  
I know this to be true  
No matter where we are in life  
Beauty is there, too.  
The sun that rises in the sky  
Is always beautiful to see  
And how gorgeous is another's smile  
That is meant for you and me.  
Music, paintings, buildings too  
The flowers in a vase  
There is so much in our world  
That shows God's Beauty and his Grace.

Well, that's it for now. Adios and God Bless

**ATTENTION CLARENDON RESIDENTS,** The Planning Board is seeking to fill one alternate Member Position. There are many issues that deserve someone who is willing to spend two nights a month on the things that affect Clarendon and its residents. The Planning Board deals with land regulations and the development of the town. The Planning Board meets the second and fourth Tuesday of each month and requires the attendance of meetings and public hearings when possible. **Responsibilities:** To be up-to-date on the Zoning Ordinance, Sub-Division Rules, Master Plan and Town Law and the ability to render unbiased decisions on issuance of special permits, site plan and sub-division review pertaining to the Town of Clarendon. Attend meetings as often as possible or be up-to-date as to any issues that would require the alternates vote. **Qualification:** Ability to comprehend Town Law, Zoning Ordinance and Sub-Division rules, etc.; Considerable interest in the development of the town and willingness to work independently. **Send written letter of application** and/or resume to the Town of Clarendon; Attn: Planning Board, PO Box 145, Clarendon, NY 14429. Applications may also be delivered in person. If you have any questions regarding the position you may contact the Planning Board Secretary at 638-6371 ext. 104.

**COME HOME**  
To A  
**SAFE HOME**

**Homeowners • Landlords**

Low-income households within Genesee and Orleans County may qualify for **FREE** or low-cost lead-based paint control and other housing improvements. Over **\$1 million** in funding is currently available to homeowners and landlords in our community.

Replacement  
Windows  
& Doors

Fresh  
Paint

Trim, Siding,  
Flooring  
& more

Homes built before 1978 may contain hazardous lead paint. Children exposed to such hazards are at a higher risk for:

- Behavioral Issues
- Organ damage
- Developmental Deficiencies
- Complications with speech and Language proficiency

## History Outside Our Borders

As the historian for The Town of Clarendon it is my job to educate people on our history. I collect and preserve artifacts pertaining to Clarendon from its very beginning until now. I also believe it is important to know about our surrounding towns and villages.

I have always tried to attend programs at other historical societies to learn something new. Local resident Jim Patt mentioned to me one day that there was an old historic marker located in Oakfield that was in need of repair. I have enjoyed repainting these historic markers for the last several years in Orleans County so I decided to contact Laurie Marks-Nanni of the Oakfield Historical Society and see if they would let me take the sign. This sign actually had a piece missing! Fortunately, I have a few contacts that have helped me in the past to weld signs that were cracked before I repainted them. This was a whole different story. My friend took a piece of a donor sign and cut it in the shape of the missing portion of this marker and welded it all back together. You would never know it unless you saw it beforehand. He did such a beautiful job.

Did you know that the Town of Oakfield was the home to one of the largest Native American forts? The Seneca tribe built a large 10-acre fort outside of Oakfield, which was still standing in the 18th century. The Seneca's settled Oakfield long-before the English settlers started to move into the area in the early 1800s. What is still there today is called the best-preserved Indian mounds and earth-works in New York State. Previous archaeological digs have been able to identify structures and what life was like inside the fort. The trees on-site span over 300 years. The fort is another amazing example of Genesee County's connection to United States and North American history.

L to R: Laurie Marks-Nanni and Melissa Ierlan; Kyle Ierlan who lifted this heavy sign back on to the post

Members of the Seneca Nation who blessed the site before the tour on October 22, 2021

tickets

## CLARENDON LIONS CLUB

The past month we had Holley Historian Danny Maun, as our speaker. Danny gave a very interesting talk on the public water wells in Clarendon and Holley. On Saturday, October 23rd we sponsored the Halloween Party at the Holley Community Center, from Noon to 2:00 PM. All the kids had fun, eating cookies and candy, painting pumpkins and showing off and winning prizes for their Halloween costumes.

Don't forget, we will again this year be having "Breakfast with Santa", on Saturday, December 18<sup>th</sup>, from 9:00 to 11:00 AM. A great Christmas gift would be our 911 Signs, a blue metal sign, with white reflective numbers, indicating their house number, which can be installed at the entrance to their driveway, making it easy for emergency services to locate their residence. We will install it, for a small additional cost. Orders can be made by contacting Lion Kevin Johnson by phone at 585-638-5230. Don't forget, this fall, to contribute to our "Little Free Pantry" located at the east end of the Town of Clarendon Office parking lot, on Church Street, for those in need of short-term food help. Our ladies have been busy making children mittens and stocking hats for the winter, which will soon be added to the Pantry. Our meetings are on the 2<sup>nd</sup> and 4<sup>th</sup> Wednesday of each month, with a pot luck dinner at 6:30 PM and meeting at 7:00 PM in the basement, of Disciples First United Methodist Church. If you would like to join our organization, please contact Lion, Tom Persia at 638-5750.

Thank you for your support and have a great Thanksgiving,  
Lion Roger Boynton

### Just for Laughs.....

Bubba and Junior were standing at the base of a flagpole, looking up. A blonde lady walked by and asked what they were doing.

"We're supposed to find the height of the flagpole," said Bubba, "But we don't have a ladder."

The blonde woman took a wrench from her purse, loosened a few bolts, and laid the pole down. Then she took a tape measure from her pocket, took a measurement and announced, "Eighteen feet, six inches," and walked away.

Junior shook his head and laughed. "Ain't that just like a dumb blonde? We ask for the height and she gives us the length!"
