CLARENDON TOWN BOARD

Meeting Highlights - MARCH 2022

HIGHWAY/WATER DEPARTMENT REPORT

Superintendent Tracy Chalker reported that the plows made 32 runs in the 28 days of February 2022. The brush pile behind the highway garage was burned prior to the burn ban; pot holes have been paved and trees removed with the help of the county. The new truck was in on March 11th. Fifty-four red tags were hung regarding unpaid water bills and the crew has still been doing tree clean-up from the wind storms.

PLANNING BOARD REPORT

Chairman Dave Griggs submitted the following written report: March 02-22-2022 - Regular Meeting was canceled due to insufficient agenda items. 03-08-2022 (Regular Meeting) - SD 22-02, Pre-conference for a site plan review for a one (1) lot subdivision and building lot approval for a single-family home, Kate Crist, Transit Road, tax id# 108.-1-54.11. Chairman Griggs reviewed the subdivision survey map with the board. No significant issues noted. Applicant requested a waiver of pre-conference. A motion was made, seconded and approved to waive the pre-conference and move to formal. A motion was made, seconded and approved to approve subdivision contingent upon verification by the OIO that pins had been set, creation of deed and filing of map with Orleans County clerk. Lot is currently in Ag district and subject to lateral restrictions, a well would be required. A motion was made, seconded and approved to grant building lot approval. SD 22-03, Pre-conference for a site plan review regarding the transfer of a previously issued certificate of Non-conformance (Harling's Auto Repair Shop) to a new owner, Kevin Manna, 16179 E. Lee Rd. In addition to continuing to operate a motor vehicle repair shop the applicant requested to add motor vehicle sales. Applicant was informed that no motor vehicles are allowed to be offered for sale on the premises. Additional items were discussed and agreed to as conditions of renewal. A motion was made, seconded and approved to submit the findings of the site plan review by the Planning Board to the Town Board for their review and consideration regarding their approval of the transfer of the Certificate of Non-conformance. SD 22-05, Pre-conference for a site plan review for building lot approval for a single-family home, Natalie Bornemann, 16379 Munger Road, tax id# 120.-1-62. Chairman Griggs reviewed the application with the board. Perc test approved by the Orleans County Health department. Clarification of front setback is required. Motion made, seconded and approved to table for further information. SP 96-005, Nancy Curtis Caswell, Pet's Galore Grooming, 4880 S. Holley Road. Inspected, fee paid, no outstanding complaints. A motion was made, seconded, and approved to renew the Special Use Permit. SP 22-01, Automotive repair shop, All American Diesel, Erich Hoak, 5267 County Line Road, tax id# 99.-2-5.1. County Planning Board review found no issues with this proposal. A motion was made, seconded and approved to approve Special Use Permit.

HISTORIAN REPORT

Historian Melissa Ierlan submitted the following written report: It's been a quiet month so far. I've done some research on a

house in Clarendon for information on first owners and providing old maps etc. Another research project on a family who lived near Pumping Station Road in the early 1900's. I provided images of old historical documents to the person opening up the business in Holley at the old bank. Invoices and other documents dealing with hops. Hops were grown in Clarendon for many years and an old drying house was once located on Upper Holley Road. I attended the Byron Historical Society Meeting and received some slides from their 1970 parade which contained two pictures of the Clarendon Fire Company. The Clarendon Historical Society was asked to help sponsor an Easter Egg Hunt being held in April. We will donate some candy and plastic eggs to hide. I also designed the flyer for the event. A local scout came up with the idea and Disciples First United Methodist Church will hold the event.

SUPERVISOR REPORT

Supervisor Richard Moy thanked Superintendent Chalker and the highway crew; it is the first time that each water district has an excess of revenues collected from bills being paid. It was reported that New York State has a low-income household water assistance program. Information is available at the Town Clerk's Office. Congressman Chris Jacobs will be the guest speaker at the Orleans County Association of Municipalities this month to be held at the White Birch in Lyndonville.

CORRESPONDENCE

The town received \$78.00 for its share of capital paid to NYMIR insurance. The NYS Office of Temporary and Disability Assistance has sent notice of Assistance available with past-due water bills. Orleans County will host emergency management training at the Carlton Recreation Hall on April 2, 2022.

OLD BUSINESS

The Town board held a public hearing to consider proposed zoning amendments prior to the regular meeting. No comments were given/heard. The Town Board approved the proposed zoning amendments be sent to the county planning department for review.

NEW BUSINESS

The Town Board authorized an increase in town mileage rate from \$.50 per mile to \$.58 per mile pursuant to gas price increases. (The state rate is 58.5 cents per mile). Discussion was held regarding consideration of the transfer of Certificate of Non-Conformance to the new owner of 16179 East Lee Road for a Motor vehicle repair shop. NYSDEC has no record that the gas tanks at that property were removed from 1985 to 1989. DEC recommended the town receive proof the tanks are not still buried and/or have the soil tested for contamination. It was confirmed that New York State will not issue a license for repair until the town issues the special permit. OIO mentioned that GPR (ground penetrating radar) can be used to locate the tanks. Supervisor Moy read aloud the Planning Board's list of proposed conditions resulting from its site plan review. A majority of board members in agreement that confirmation of the tanks having been removed be obtained prior to any town board approval.

Just For Laughs A customer at Green's Gourmet Grocery marveled at the proprietor's quick wit and intelligence. "Tell me, Green, what makes you so smart?" "I wouldn't share my secret with just anyone," Green replies, lowering his voice so the other shoppers won't hear. "But since you're a good and faithful customer, I'll let you in on it. Fish heads. You eat enough of them, you'll be positively brilliant." "You sell them here?" the customer asks. "Only \$4 apiece," says Green. The customer buys three. A week later, he's back in the store complaining that the fish heads were disgusting and he isn't any smarter. "You didn't eat enough," says Green. The customer goes home with 20 more fish heads. Two weeks later, he's back and this time he's really angry. "Hey, Green," he says, "You're selling me fish heads for \$4 apiece when I can buy the whole fish for \$2. You're ripping me off!" "You see?" says Green. "You're smarter already."

GREETINGS to all you lovers of nonsense! A friend stopped one day and asked me "Whatcha doing?" I answered, "Nothing." He said, "You did that yesterday." I replied, "I didn't finish!" *A bum asks a man for two dollars. The man asks, "Will you buy booze?" The bum said "No". The man asks, "Will you gamble it away?" The bum said "No". Then the man asked, "Will you come home with me so my wife can see what happens to a man who doesn't drink or gamble?" Mothers will never say:* 1) "Yeah, I used to skip school a lot too." 2) "Let me smell that shirt. Yeah, it's good for another week." 3) "I don't have a tissue with me, just use your sleeve." 4) "Just leave the lights on. It makes the house look more cheery!" *Dads will never say:* 1) "Well how about that, I'm lost! Looks like we'll have to stop and ask for directions." 2) "You know honey, now you're thirteen. You'll be ready for un-chaperoned car dates. Won't that be fun?" 3) "What do you want to get a job for? I make plenty of money for you to spend!" I told my wife that a husband is like a fine wine; he gets better with age. The next day she locked me in the cellar. *A successful diet is the triumph of mind over platter.* I was in Cabell's American Bar and Grill last week. I suddenly realized I desperately needed to pass gas. The music was really, really loud, so I timed my gas with the beat of the music. After a couple of songs, I started to feel better. I finished my drink and noticed that everybody was staring at me. Then I suddenly remembered that I was listening to my I-Pod!

This Month's Riddles:

1. What did the judge do when he sentenced the author?
2. What do aliens use to tie up spacemen?
3. Why is an old car like a baby?
4. Why does a ghost get upset when it rains?
5. What player on a baseball team pours lemonade?

A man went into a proctologist office for his first visit. The new nurse, Pat, took him to an examining room, told him to get undressed and have a seat. The Doc would be in shortly. After putting on the gown, he sat down. While waiting he observed that there were three items on a stand next to the exam table, a tube of K-y Jelly, a rubber glove and a beer. When the doctor came in he said, "Look Doc, I'm a little confused. This is my first exam. I know what the K-y and the glove is for, but what is the beer for?" At that Doctor Paul became very upset and stormed over to the door. He flung the door open and yelled to his new nurse, "Damn it Pat, I said a butt light!"

Here are some actual **Attorney, Witness** questions and answers: 1) A – What gear were you in at the moment of the impact? W – Gucci sweats and Reeboks. 2) A This Myasthenia Gravis, does it affect your memory at all? W – Yes. A – And in what ways does it affect your memory? W – I forget. A – You forget? Can you give us an example of something you forgot? 3) A – Doctor, before you performed the autopsy, did you check for a pulse? W – No. A – Did you check for blood pressure? W – No. A – Did you check for breathing? W – No. A – So then, it is possible that the patient was alive when you began the autopsy? W – No. A – How can you be so sure doctor? W – Because his brain was sitting on my desk in a jar. A – I see, but could the patient have still been alive? W – Yes, it is possible that he could have been alive and practicing law! *Jeff Foxworthy says 'You're not a kid anymore if':* 1) you quit trying to hold in your stomach no matter who walks into the room. 2) the only reason you're still awake at four A.M. is indigestion. 3) people ask what color your hair used to be. 4) your car

has four doors. 5) you no longer think of speed limits as a challenge and 6) you answer questions with "Because I said so!" A friend was coming to visit us. I asked him if he needed directions. He said, "I'm all set. I have the address, a GPS and a GPS over-ride." I asked, "What's a GPS over-ride?" He said, "My wife." *A little girl asked her mom "What are you doing?" Mom said, "I'm putting on my wrinkle cream." "Oh" said the child, "I thought they were natural."* Henry Youngman said if at first you don't succeed, so much for sky diving! *As she prepared to go to school, a seventeen year old asked her mother, "Can I borrow a pair of your shorts?" Since the daughter had never asked to share clothes before, her mother happily got her a pair. "Why do you want them?" She asked. The daughter replied, "It's Nerd Day at school."* Some Definitions. **electricity:** organized lightening. **Gossip:** when you hear something you like about someone you don't like. **Guilt:** God's way of letting you know you're having too good of a time. *You lovers of the English language might enjoy this. There is a two-letter word that perhaps has more meanings than any other two letter word, and that is 'UP'. It's easy to understand UP, meaning toward the sky or at the top of the list, but when we awaken in the morning, why do we wake UP? At a meeting, why does a topic come UP? Why do we speak UP and why are the officers UP for election and why is it UP to the secretary to write UP a report? We call UP our friends. And we use it to brighten UP a room, polish UP the silver; we warm UP our leftovers and clean UP the kitchen. We lock UP the house and some guys fix UP the old car. At other times the little word has real special meaning. People stir UP trouble, line UP for tickets, work UP an appetite and think UP excuses. To be dressed is one thing, but to be dressed UP is special! And this UP is confusing: A drain must be opened UP because it is stopped UP. We open UP a store in the morning but we close it UP at night. We seem to be pretty mixed UP about UP! To be knowledgeable about the proper uses of UP, look the word UP in the dictionary. In a desk-sized dictionary, it takes UP almost a quarter of the page and can add UP to about thirty definitions. If you are UP to it, you might try building UP a list of the many ways UP is used. It will take UP a lot of your time, but if you don't give UP, you may wind UP with a hundred or more. When it threatens to rain, we say it is clouding UP. When the sun comes out we say it is clearing UP. When it rains, it wets the earth and often messes things UP. When it doesn't rain for awhile, things dry UP. One could go on and on, but I'll wrap it UP, for now my time is UP, so it is time to shut UP! Oh . . . One more thing: What is the first thing you do in the morning and the last thing you do at night? U-P.*

An Old Irish Blessing

May there always be work for your hands to do
May your purse always hold a coin or two.
May the sun always shine on your window pane
May a rainbow be certain to follow each rain.
May the hand of a friend always be near to you
May God fill your heart with gladness to cheer you.

Jesse B. Mower was born in the town of Hartland, Niagara County in 1865. His parents were Levi and Sarah Mower. Jesse came to Clarendon with his parents at the age of five which is listed on the 1870 US Federal Census. His siblings were Adelbert, Alice and Eddie.

When Jesse left home his profession was farming. The Holley Standard had several articles in which farmers were listed as news when they moved from farm to farm each year. Jesse was in Clarendon, Holley, Albion, and Manning on different farms in his early adulthood.

Jesse attended church in Clarendon and was a member of the Epworth League. The Epworth League was authorized by the General Conference of the Methodist Episcopal Church and its purpose was to develop young church members in their religious life and provide training in churchmanship.

In 1897 Jesse left Clarendon to take a job in sales for an oil company in Brooklyn, NY. In a letter home he stated that making \$40 per month was a good wage considering the times.

By 1899 Jesse was back in Clarendon and it was reported in the Holley Standard that on January 13, 1899 there would be a "box social" at his house for the benefit of the singing school.

During the late 1890's and early 1900's "box socials" were popular community events that were used to raise money for schools and churches. It involved young women preparing a picnic style meal that would include sandwiches, fruit and a dessert.

Jesse married Hattie Bell Gates of Clarendon in 1890. Jesse and Hattie had two children, Clifford born in 1900 and Mildred born in 1903. An article in the Batavia Newspaper October 21, 1905 reported that Jesse Mower a Clarendon farmer, bought the Stannard Building on Gates Street in Bergen, erected in the summer of 1898, and containing a saw and planing mill as well as a sash and blind factory. It also said that Mr. Mower would be operating in a week or two but would not move to Bergen until the spring. The same newspaper in April 1906 reported that Jesse Mower, his wife and two children became residents of the village of Bergen occupying the Church house on Gibson Street.
