BE ADVISED that the Clarendon Town Board will hold a public hearing to consider amending the town zoning ordinance to include short term rental (STR) units as a benefit to the town through the special use permit process. A complete copy of this proposal is available at the Town Clerk's Office during business hours, email a request to townclerk@townofclarendon.org or on the town website at townofclarendon.org on the zoning ordinance page. The public hearing will be held at the Town Hall, 16385 Church Street, Clarendon, NY on February 21, 2023 at 6:30 PM. Those in favor of or in opposition to said amendment can speak at this hearing. **ALSO TAKE NOTICE** that the regular monthly meeting of the Town Board will begin immediately following said hearing.

CLARENDON TOWN BOARD

Meeting Highlights - November 2022

The town board held a public hearing regarding Local Law No. 1 of 2023, changing the day for grievance of assessments in the Town of Clarendon. Supervisor Moy explained that pursuant to real property law, when an assessor handles more than one town, grievance day can be changed to accommodate a second town. The assessor has since retired from his employment with the other town and handles Clarendon alone, therefore by law, grievance day needs to be held on the fourth Tuesday in May. No comments were heard at the hearing; the Town Board did adopt the local law at the regular meeting.

HIGHWAY/WATER DEPARTMENT REPORT

Superintendent Tracy Chalker reported that the crew has been plowing and salting the roads.

He has been working on FEMA paperwork for the storm at Christmas; cost to the town for snow removal that weekend during that storm is figured at \$21,603.08; average cost for labor, fuel and salt per plow run is \$2432.08. Fourth quarter meter readings have been complete and routine water details are being done; flushing hydrants and taking water samples. Fourteen trees came down during the storm that highway crew took care of alone to make the roads passable. Clean-up is being done when time allows.

A Soffit and gutter came off the highway garage during the heavy winds. Two new water services were installed; one on Bennetts Corners Road and one on County Line. We had one burial at Hillside and the Christmas decorations were taken down.

PLANNING DEPARTMENT REPORT

Chairman Dave Griggs submitted the following written report: **12-13-2022 (Regular Meeting)** Chairman Griggs provided the latest status update of the preliminary draft for Short Term Rental (STR). Bed & Breakfast (B&B) language will be included. Chairman Griggs will incorporate language for them into a final revised preliminary Draft and submit it to the Town Board for their consideration and approval at their next town meeting. **01-10-2023 (Regular Meeting)** Special permit renewal SP 21-07, Showdowns Ranch, 16213 East Lake Road. Inspected, fee paid, no outstanding complaints. Motion made, seconded, and approved to approve renewal. Orleans County Representative Kevin Johnson updated the Planning Board members regarding the status of the proposed Short Term Rental (STR) zoning draft in Kendall that was rejected by the County Planning Board. Board members were given copies of Kendall's draft for review. The general consensus was that it was rejected because its provisions were either too restrictive or too vague. The Planning Board will continue to monitor this situation as it plays out.

SUPERVISOR REPORT

Supervisor Dick Moy reported final estimated revenues for last year's \$800,000 budget were only off by \$1100; a difficult job well done!

CORRESPONDENCE

The Town received a check from the NYS Dot for CHIPS, PAVENY, POP, WIRP in the amount of \$237,507; NYS Court System sent notice of continuing education completion for Justice Thomas DiFante; The Orleans County Health Department has sent their water system field compliance inspection report; Orleans County Board of Elections has sent notice of 2023 elections - Town Clerk sent notice of elected official positions to be on the November ballot. Correspondence was received requesting local input to update the FCC broadband map; allocation of federal funds for broadband deployment will be calculated based on the map. NYSDEC sent notice regarding the new Green Purchasing Communities Program making it easy for local governments to purchase products that have a lower environmental impact. Association of Towns has sent information regarding its Annual Training School and Business Meeting held February 19-22, 2023 in New York City.

OLD BUSINESS

The Board scheduled a public hearing regarding a zoning amendment to include short term rentals (*see notice on front page*).

NEW BUSINESS

Supervisor Moy referenced the cost of propane for users living in the Heron Falls Mobile Home Community. When the park was built, town agreement regulation determined that the fuel tank had to be in the ground which then determined that residents could only purchase fuel from the company owning the tanks. The new park owner wants the residents to be able to choose their fuel providers and is requesting approval for the town to amend its original agreement for the park from needing the tanks buried to allowing two tanks placed near the homes. The Town Board agreed to the amendment from underground tanks to two 100 lb tanks next to their home. President Bob Frieda requested town approval to amend the Fire Company's Certificate of Incorporation. Supervisor requested a copy of the original Certificate to clarify changes being made; President Frieda will submit a copy to the Clerk. This will be on the February agenda. Monroe County Water Authority has increased its purchase rate per 1000 gallons to the town from \$2.47 to \$2.55. The Town Board adopted a new rate to Clarendon residents with MCWA as the supplier at \$4.25 per 1000 gallons.

When we start to count flowers, we cease to count weeds
When we start to count blessings, we cease to count needs
When we start to count laughter, we cease to count tears
When we count happy memories, we cease to count years.

An Open Letter to the Residents of Clarendon From your Highway Superintendent

For your safety and well being during inclement weather, you should reduce your speed and drive according to the highway conditions. Winter driving conditions with icy and snow-covered roads require more driving care. If your vehicle becomes stranded, contact the Orleans County Sheriff's department at 589-5527 and they will notify the appropriate highway department.

SNOW REMOVAL – The law regarding the depositing of snow on highways, shoulders or ditches is as follows: “Section 1219 of the Vehicle & Traffic Law and Section 214 of the Highway Law of New York State specifically prohibits the placing or leaving of snow, ice or other substance upon any highway” (this includes pavement, shoulders and ditches). As a result should these practices occur, police agencies will be notified of such occurrence(s) with the intent that summonses will be issued to the responsible person or persons. **MAILBOXES** – During and after significant snow storm, highway departments in the course of plowing, receive phone calls regarding damage to mailboxes either from snow plows directly or from the force of snow being thrown by the plows. If such damage is indeed caused by snow removal, it is not done intentionally but is an unfortunate consequence of snow removal. It must be pointed out that there is no statutory or legal authority which grants a property owner or resident along a public highway any right to place a mailbox in a highway right-of-way; the mailbox is on town or county right of way as a courtesy to the postal service. Thus, the necessity of keeping the highway open conflicts with the individuals' reception of the mail, the latter must stand aside. The owner might even be compelled to remove the box under Highway Law #319. From past experience, we have found that plastic mail boxes do not withstand the abuse of snow from the plows and are not recommended. *As a courtesy, the Clarendon Highway Department will place a temporary box so that residents can receive mail if their box is damaged by the plow but we will not replace any fancy mailbox or post.* Mailbox posts with fancy supports are not recommended as they stick down under the box and give the wing plow something to get hold of. A box mounted directly on top of a treated 4 X 4 is best. **Posts should be placed fifteen (15) feet from the centerline of the road.** Please note illustrations. For further information, contact me at (585) 734-1302 or (585) 638-8547. *Thank you. Tracy Chalker, Highway Superintendent.*

GREETINGS ALL. I wonder just how cold it would have been without Global Warming! If the metric system ever takes over, we may have to say the following: Twenty-eight grams of prevention is worth 453 grams of cure. Give a man 2.5 centimeters and he'll take 16 kilometers. Peter Piper picked 8.8 liters of pickled peppers. *The expression "Three Dog Night" comes from when it's so cold that you have to sleep with three dogs to stay warm.* Two men from a warm climate wanted to do some ice fishing and took off for Canada to try it. The lake they picked was frozen so they stopped at a nearby shop to get bait and tackle. "We're going to need an ice pick" one man said. They bought one and left. Two hours later, the other man returned and told the shop owner he'd need to buy a couple more ice picks. An hour later the first man came back to the shop and said, "We're going to need all the ice picks you've got." The owner couldn't believe it. "How are you fellows doing?" he asked. "Not very well at all" the man replied. "We don't even have the stupid boat in the water yet!" *Jimmy Fallon reported that the senate has passed a new bill that requires R.V. Stations to lower the volume level on commercials. This is great. A hundred of the most powerful people in the nation have managed to do the same thing my remote does.* Age 59: I've learned that happiness is like perfume: you can't give it away without getting a little on yourself. Age 76: I've learned that everyone can afford to be generous with praise. It's not something available only to the well-to-do.

This Month's Riddles:

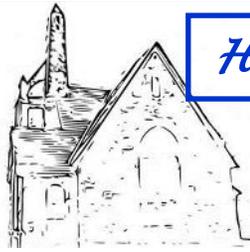

1. Why is it that there is not a moment that we can call our own?
2. What do you call a cartoon expelled from school?
3. What's a computer sign of old age?
4. Why did the cowboy keep his horse in the barn?
5. When is a piece of chicken like a musical instrument?

This information is being passed on to you because it definitely works and we could all use a little more calmness in our lives. By following simple advice heard on the Dr. Phil show, you too can find inner peace. Dr. Phil proclaimed, "The way to achieve inner peace is to finish all the things you have started and have never finished." So, I looked around my house this morning to see all the things I started and hadn't finished and before leaving the house this morning, I finished off a bottle of White Zinfandel, a bottle of Bailey's Irish Cream, a package of Oreos, the rest of the cheesecake, some Doritos and a box of chocolates. You have no idea how really good I feel right now! Generally speaking, you aren't learning much when your mouth is moving. Ole was turning eighty-eight and was overweight, so his doctor put him on a diet. Doc: "I want you to eat regularly for two days, then skip a day and repeat this procedure for two weeks. The next time I see you, you should have lost at least five pounds. When Ole returned, he shocked the doctor by having lost nearly thirty pounds. "Why that's amazing!" the doctor said. "Did you follow my instructions?" Ole nodded. "I'll tell you though, I thought I was gonna drop dead on dat third day." "From hunger?" asked the doctor. Ole: "Oh no. It was from all dat awful skippin'!" Thoughts: 1) Is it good if a vacuum really sucks? 2) Why is the third hand on a watch called the second hand? 3) If a word is misspelled in the dictionary, how would we ever know? 4) If Webster wrote the first dictionary, where did he find the words? 5) Why do we say something is out of whack? What is a whack?

*My wife was a Vegetarian until she married me, a proud meat eater. On Christmas, as our children gathered around the table, I told them "Your mother didn't know what a turkey was until she met me." Some Christian One-liners: 1) Some people are kind, polite and sweet-spirited until you try to sit in their pews. 2) People are funny: they want the front of the bus, middle of the road and the back of the church. 3) I don't know why people change churches: what difference does it make which one you stay home from? 4) Don't wait for six strong men to take you to church. Some Daffynitions: Guest Towel: A small square of absorbent linen completely surrounded by useless embroidery. Hoosier: Stockings made in Indiana. Small Fry: A one-dollar steak. Knob: A thing to adore. Conscience: A little gimmick inside you that makes you tell your wife before somebody else does. "Nothing improves your driving" points out Madelaine Hurlock, "like being followed by a policeman." Frank Boyden, Headmaster of Deerfield Academy, had a little poem always on tap for lazy students: You can't go far just by wishing nor by sitting around to wait: The Good Lord provides the fishing, but you have to dig the bait. Richard Armour wrote: How cunningly the ice holds back and lingers underneath and lets you raise and tile the glass, then smacks you in the teeth. **A New York Wife** – Three men married wives from different states.. *The first man married a woman from Georgia. He told her that she was to do the dishes and house cleaning. It took a couple of days, but on the third day, he came home to see a clean house and dishes washed and put away.* The second man married a woman from California. He gave his wife orders that she was to do all the cleaning, dishes and the cooking. The first day he didn't see any results, but the next day he saw it was better. By the third day, he saw his house was clean, the dishes were done and there was a huge dinner on the table. *The third man married a girl from New York. He ordered her to keep the house cleaned, dishes washed, lawn mowed, laundry washed, and hot meals on the table for every meal. He said the first day he didn't see anything. The second day he didn't see anything, but the third day, some of the swelling had gone down and he could see a little out of his left eye. And ... his arm was healed enough that he could fix himself a sandwich and load the dishwasher!**

Lord, thou knowest better than I know myself that I am growing older. Keep me from getting too talkative and thinking I must say something on every subject and on every occasion. Release me from craving to straighten out everybody's affairs. Teach me the glorious lesson that occasionally it is possible that I may be mistaken. Make me thoughtful, but not moody, helpful, but not bossy. Thou knowest Lord, that what I want most is many friends at the end.

That's all this time. Take care and God Bless.

Hillside Sketches

Stella L. Putnam was born in Clarendon in 1888. She was the daughter of Charles and Mary Putnam. Stella had an older sister Mattie and brother Henry.

Stella had two younger brothers Frank and William. She was born and raised in Clarendon. Neither Stella or her sister Mattie ever married. Mattie was listed in the 1910 census as a servant for William Down and his family in Holley. William was the president of the Exchange Bank in Holley. Stella was a teacher for over 40 years. 27 of those years were spent as the primary teacher at the village school #2 in Clarendon. Fun fact* town supervisor

I wish to thank the people of Clarendon School Dist. No. 2, the Faculty and P. T. A. of the Holley Central School for their entertaining me, also for the gifts which I received at the time of my retirement.

Just recently a local resident contacted me to see if there might be a place for a Victorian wicker rocking chair in our collections. The Bartlett family has been in Clarendon since the 1800's and had occupied the same home on South Holley Road for many years. Lee Bartlett gave this chair to his daughter Debbie Day and she then donated it to the Clarendon Historical Society.

Will Harrington completed an Eagle Scout project a few years back that turned the upstairs of the barn into another display area. This chair fits into the collection perfectly. The Historical Society thanks the Bartlett/Day family for the chair and many other items received over the years. As one of the very early families in Clarendon, it is so important to have pictures and written word on the way life was over 100 years ago.

I'm Fine

There's nothing whatever the matter with me
I'm just as healthy as I can be.
I have arthritis in both my knees
And when I talk, I talk with a wheeze.

My pulse is weak and my blood is thin
But I'm awfully well for the shape I'm in.
I think my liver is out of whack
And a terrible pain is in my back.

My hearing is poor, my sight is dim
Most everything seems to be out of trim.
But I'm awfully well for the shape I'm in.

I have arch supports for both my feet
Or I wouldn't be able to go on the street.
Sleeplessness I have night after night
And in the morning I'm just a sight.

My memory is failing, my head's in a spin
I'm peacefully living on aspirin.
But I'm awfully well for the shape I'm in.

The moral is, as this tale we unfold
That for you and me who are growing old,
It's better to say 'I'm fine' with a grin
Than to let them know the shape we're in.
